PUSH BOUNDARIES, INSPIRE PASSION

EXCEL AT GOH BALLET'S COMPREHENSIVE INTERNATIONAL SUMMER PROGRAMS

Since 1978, Vancouver has been home to Goh Ballet, a vibrant, innovative and diverse dance organization. It provides extraordinary opportunities for dancers to reach their full potential while contributing to the artistic well-being of our communities.

JUNIOR SUMMER INTENSIVE

**Cultivating Passion for Artistic Expression
(July 3rd – August 4th 2017)**

With dance classes five days per week, our Junior Summer Intensive program is built for the dedicated young dancer eager to be challenged with strengthening technique and being further inspired by artistic appreciation. Classes will not only focus on solidifying technique but will also introduce repertoire with stylistic influences of Bournonville, Petipas, and Balanchine, especially designed to address student's individual needs that will bring out their true potential. Theatrical Mime, National Dances, and Dance Acting classes are included. A presentation for family and friends at the end of the 5-week intensive will showcase the students' learning outcome with pride of achievement. For children who are under the age of 7 years, please visit our website for information on our themed week-long Children's Summer Dance Workshops.

SENIOR INTERNATIONAL SUMMER INTENSIVE

**Strength, Determination, and Artistry
(July 3rd – August 5th 2017)**

Work with our distinguished faculty of experienced professionals and prominent international guest instructors six days per week within a well-balanced class schedule and stimulating environment. Our five-week program is aimed at exploring the demands of a professional career. Curriculum features Classical Ballet, Musical Theatre, Mime/Dance Acting, Pas de Deux, Repertoire, Contemporary, Men's Work, Pilates and more. Students will learn to dance with a heightened sense of boldness and musicality. Dedicated instruction will be given to nurture a dancer's individual best, to find confidence beyond limitations and to reach new heights. Admittance to this program is by audition only.

During these five-week programs, students will be assessed for possible acceptance into the Goh Ballet's annual programs including the Junior School and Senior Professional School. Participant may have the opportunity to take private coaching lessons with faculty and guest instructors for specialized attention. Individual applications will be assessed.

**Visit www.GohBallet.com
for curriculum and evaluation assessment/audition details.**

Class structure, scheduling or student placement may change within the first week of classes.
All classes, seminars, and instructors are subject to change and may vary throughout the program.
